

# Field Work Update

**Wastewater**  
Pipe Replacement Update

JULY 2020

CHARLOTTE  
**W**ATER

## Little Hope Creek Wastewater Improvement Project

Charlotte Water is continuing field investigation work in your area to help the design of potential improvements that will enhance the future wastewater system in the community.

At the end of July, project team members will be walking the alignment of the existing wastewater system. Residents can expect to see team members on or near your property as they visually inspect the area. No field work will be conducted during this walk. The team members should be wearing safety vests and can be identified by company business cards. Although they may need access your property, they will not need to enter your residence.

For more information on this project, please visit the project website at [www.charlottewater.org](http://www.charlottewater.org) (click on "projects") or contact Charlotte Water project manager Stephen Scott, at [stephen.scott@charlottenc.gov](mailto:stephen.scott@charlottenc.gov) or 980-219-9488.
